NO driver's door hits. The object is to knock out the trailer... so there will be some contact, but make safe and smart decisions.

Starting position priority will be given to longer trailers. This makes for a more interesting race.

OBJECT OF RACE:

Finish race with your trailer attached while trying to separate the trailers of your opponents from their tow vehicle. Smashing the trailers that come free is encouraged. If you lose your trailer, you will be disqualified and you will be black-flagged. Length of race is at least 20 laps unless only one trailer/tow vehicle combo remains intact. In that event, they will be declared the winner. Track promoter has the final say on verification of winner and actions that are conducted on the track.

If multiple vehicles finish on the same lap the win will be awarded to the vehicle that caused the most destruction.....
